Portfolio: augiemarchese.com

Experienced Avid Pro Tools audio post production engineer with 5+ years in television, web, and live news mixing. Proven proficiency in dialog cleanup, sound design, and music editing. Fully trained for both remote and in studio based workflows. Seeking a full-time position to apply expertise in audio and work with innovative and collaborative teams.

WORK EXPERIENCE.....

Freelance

New York, NY

Freelance Audio Engineer

Jan 2016 - Present

- Mix post production Avid Pro Tools sessions for television and web platforms for clients such as ABC News, Hertz, Nick Jr., EA Games, and Ms. Rachel, adding additional sound design and music elements to create the final mix
- Repair dialog using iZotope RX to remove unwanted clicks, noises, harsh frequencies, and room ambiences
- Utilize EQ, compression, and limiting insert chains to mix to correct loudness standards
- 2 time PROMAX industry award winner for Sound Design, 2021 & 2022

Altice USA

New York, NY

Audio Engineer / A1

Oct. 2022 - Jul. 2023

- Mixed and optimized audio for Cheddar News' flagship morning show on an SSL console as lead engineer, showcasing expertise in audio routing and configuration
- Troubleshooted technical issues with microphones and audio hardware with producers and the Director of Production
- Employed iZotope RX and Pro Tools to expertly edit audio for on-air news packages, leading a new post production workflow to improve the network's audio standards
- Collaborated with show producers on sound design and music cues for both pre-taped and live segments

NBC Universal

New York, NY

Post Audio Engineer

Aug. 2017 - Oct. 2022

- Mixed short and long form TV and web commercial content in Pro Tools (in studio and remote) for NBC's cable networks to create a polished and professional audio mix set to LKFS standards
- Coordinated delivery of large volume audio assets for final distribution with video editors, producers, graphics teams, and color artists
- Directed voice-over sessions via remote AoIP Telos Z/IP connections
- Created sound design and music edits to fit the specific needs of a project, demonstrating creativity and effectiveness

EDUCATION.....

Emerson College, Media Production B.A. (Audio Post concentration)

Class of 2017, GPA. 3.7
